

# Lenovo ThinkPad

The new Lenovo ThinkPad L14 Gen 5 delivers hybrid workforce productivity for any business, boasting enhanced features, greatly improved repairability, and a completely reimagined user experience. Powered by the AMD Ryzen™ PRO 7030 Series processor with AMD Radeon™ graphics for proven performance and professional technologies, this new mobile wonder empowers you to excel.

Kick collaboration up a notch with 22% larger speakers, Dolby sound, and Lenovo View for enriched video features, along with Wi-Fi 6E for super-fast connectivity. The stunning 16:10 display, at a higher 85.5% screen-to-body ratio, is brighter than ever at 400nits, thanks to 3M™ Optical Solutions. Plus, the improved thermal design increases performance while creating a cooler, quieter UX. With an outstanding iFixIt score of 9/10 and an impressive array of Customer Replaceable Units (CRUs), this Lenovo ThinkPad is worthy of industry awe.

## IMPRESSIVE USER EXPERIENCE

This Lenovo ThinkPad elevates the everyday business laptop. The new keyboard experience is more comfortable and efficient, including a 20% larger TrackPad and the enhanced TrackPoint Quick Menu functionality, with fast menu access from a simple double tap of the iconic red dot. First in the industry, Lenovo has implemented 3M's Optical Solutions, which elevates brightness by 33% to 400nits, while simultaneously lowering power consumption by 16% and improving battery life by 20% over the previous gen of this device. Plus, the redesigned audiovisual experience is next level, with a bold 85% screen-to-body ratio and 16:10 aspect ratio display, coupled with the 5MP RGB + IR camera and features from Lenovo View and Commercial Vantage to optimize video. While improving performance, the upgraded thermal design takes the exhaust fan to the rear for a cooler and quieter user experience that helps you keep your cool whatever the workday brings.

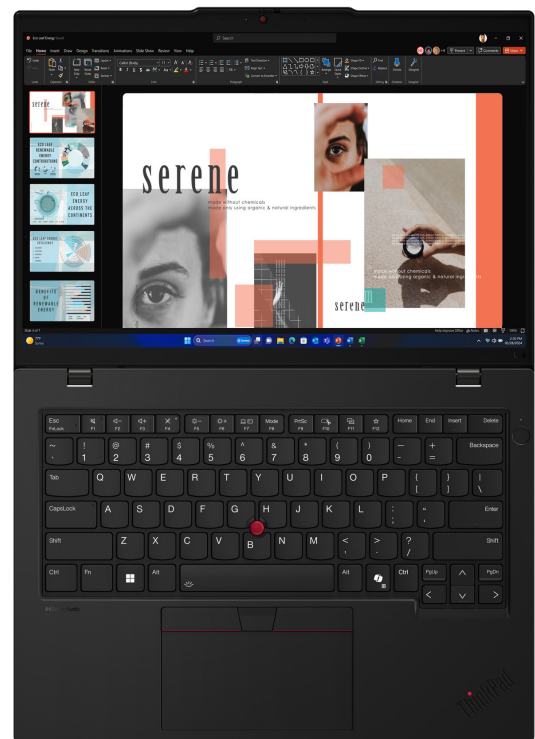

## HIGH-PERFORMANCE MOBILITY

Lighter than ever for on-the-go greatness, this Lenovo ThinkPad brings impressive portability to the table—or desk or couch or coffee shop. The AMD Ryzen™ PRO 7030 Series processor powers this hybrid workforce essential, delivering uncompromising performance and exceptional battery life. AMD PRO technologies offer multilayered security features to help protect data, as well as equip users with enterprise-class solutions for manageability, reliability, and longevity. Never run low on great ideas, thanks to the improved battery life with the 57Whr option and 3M Optical Solutions, along with enhanced 2TB 2280 SSD storage and up to 64GB DDR5 memory. When working, creating, or collaborating, you'll never miss a beat with multiple WWAN options and Wi-Fi 6E for anywhere connectivity. Plus, updated durability features baked into the engineering and MIL-STD 810H testing boost your get-it-done confidence.

## REPAIRABLE, ACCESSIBLE DESIGN

This conscientious Lenovo ThinkPad is proud to be part of the growing right-to-repair movement. With an industry-leading 9/10 iFixIt repairability score, this system offers an impressive range of Customer Replaceable Units (CRUs) and multiple upgradeable features to boost the device lifecycle—and the circular economy. Setting the standard for broad accessibility, Lenovo is integrating unique features for the visually impaired, including tactile markers on the most common keys for improved discoverability and an LED bump to indicate side charging port location. Engineered with the environment in mind as well, this industrious laptop boasts a total PCC recycled material range of up to 35%, along with a host of sustainability certifications and 100% plastic-free packaging. This repairable, sustainable, and accessible business must-have is really quite remarkable.

## Lenovo Sustainability Services

Partner with Lenovo to implement more sustainable, cost-efficient practices across the device lifecycle and make a meaningful difference in how you use technology.

### LENOVO TRUSCALE DEVICE AS A SERVICE (LENOVO TRUSCALE DAAS)

This subscription model is an efficient way to manage your fleet of end-user devices, optimizing resources and costs while promoting circularity. Deploy just what you need and responsibly dispose of what you don't. Supported by our suite of services, TruScale DaaS helps you prolong device usability and create a more sustainable end-to-end journey for your IT assets.

### LENOVO CO<sub>2</sub> OFFSET PROGRAM

While minimizing and eliminating emissions is always the goal, carbon offsetting your IT fleet is another way to help manage your overall carbon footprint. We make it easy with a seamless, transparent process for Lenovo devices across your current IT fleet or new purchases—with a sustainability dashboard to view the offset metrics. The offsets are contributed to climate action projects verified by independent third-party organizations like the United Nations, CDM, Gold Standard®, and Climate Action Reserve.

### LENOVO ASSET RECOVERY SERVICES

Hardware-agnostic Lenovo Asset Recovery Services (ARS) help mitigate end-of-life IT and data security risks. We reuse parts, refurbish devices, and recycle assets. Buy-backs help you fund future IT investments. And Lenovo PCs and infrastructure hardware can get a new lease on life through Lenovo Recertified Services.
