

Lenovo ThinkBook

Smarter technology for all

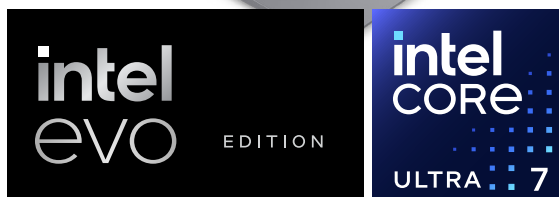

Lenovo

Lenovo ThinkBook 14 i Gen 7

EMEA February 2024

Offering robust productivity in a lightweight, stylish design, the Lenovo ThinkBook 14 *i* Gen 7 on Windows 11 empowers today's hybrid workforce for all-day uptime from anywhere. Speed and efficiency are always the norm, with up to 64GB DDR5 memory¹ and up to 2TB + 2TB dual SSD¹ storage. And whether you're working, collaborating, or number-crunching, the Intel® Core™ Ultra processor delivers a dedicated engine to help unlock AI experiences accompanied by high-performance low-power processing. Plus, the Intel® Evo™ Edition is engineered to do it all, with instant wake, fast charging, long real-world battery life, and remarkable responsiveness². Kickstart your Windows 11 experience with Copilot³ to save time and further enhance productivity.

Creativity takes on new depths as well, with the next-level graphics of Intel Arc™ graphics⁴ and integrated Intel® graphics. Immerse yourself in the impressive IPS panel with a 90% screen-to-body ratio, up to 2.8K display, and 120Hz refresh rate. Long workdays are worry-free, thanks to TÜV Eyesafe^{®2} certification for minimized eye fatigue, along with the large keyboard and keypad for ergonomic comfort. AI-accelerated intelligent meeting features, like smart noise cancellation, digital avatar, and gesture recognition, further elevate the user experience. Plus, smart battery management and adaptive performance enhance device optimization to beautifully balance power and productivity. Combining perfect portability, chip-level security, and notable expandability—all with gorgeous design—this Lenovo ThinkBook enables everyday brilliance.

¹ Tech Ready

² On select models only

³ The Copilot key function varies depending on your geographical location and may not be available until you upgrade your Windows operating system and necessary updates.

⁴ Available only on select Intel® Core™ Ultra H-series processor

Lenovo ThinkBook 14 / Gen 7

Committed to sustainability

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future for our customers, colleagues, communities, and the planet. We're determined to build a smarter future for all through the products and services we offer. And we partner with Intel, the industry leader in sustainable semiconductor manufacturing.

As we continue innovating to provide technology solutions that are more energy efficient and human centered like the Lenovo ThinkBook 14 *i*, we stay focused on empowering you to meet your own sustainability goals—and solve humanity's greatest challenges.

Lenovo Solutions & Services

Lenovo Solutions & Services were designed from the ground up to deliver smarter solutions that create better outcomes for your business.

LENOVO TRUSCALE DEVICE AS A SERVICE

TruScale DaaS is a convenient, predictable subscription model with a range of end-to-end services that helps you avoid overprovisioning, reduce TCO, and promote circularity.

LENOVO CO₂ OFFSET SERVICES

Manage your technology carbon footprint, make tangible contributions to the environment, and support verified climate action projects with easy-to-purchase offsets. Lenovo CO₂ Offset Services estimates the carbon emissions across the device lifecycle through a seamless, transparent process.

LENOVO PREMIER SUPPORT PLUS

Elevate the SMB employee IT support experience to enterprise grade with the latest ThinkBook devices alongside Premier Support Plus. AI-powered insights help you do more and waste less. Premier Support Plus delivers seamless advanced support from anywhere with smarter proactive and preventive services. It's the ideal solution for your workforce in the office, remote, or hybrid to promote productivity, reduce downtime, and create a positive employee experience.
