

Lenovo ThinkPad T14 GEN 2

The ThinkPad T14 Gen 2 delivers uncompromised portable power for the work-from-anywhere workforce. Features like Modern Standby, WiFi 6, and WWAN keep you connected wherever your day takes you. Now with the touch PrivacyGuard display to shield your screen from shoulder surfers and the antimicrobial surface treatment¹, the ThinkPad T14 Gen 2 prioritizes a secure and safe user experience.

Powered by the latest AMD Ryzen™ 5000 series processors that deliver enterprise-grade computing solutions designed for quality, reliability, and longevity, the ThinkPad T14 Gen 2 enables business productivity and collaboration at a surprisingly affordable price.

Lenovo

Lenovo ThinkPad T14 GEN 2

ALWAYS ON, ALWAYS CONNECTED

The ThinkPad T14 Gen 2 includes productivity-enhancing features like Modern Standby, which enables the machine to wake in one second and connect to the internet one second later, and WiFi 6, delivering faster data rates and lower latency for higher performance.

BETTER FOR WORK AND PLAY

The ThinkPad T14 Gen 2 is everything you need for work and everything you want for off-the-clock enjoyment. Display options include AMD Radeon™ integrated graphics and 4K UHD Dolby® Vision™ for a vibrant viewing experience paired with a Dolby® Audio™ Speaker System for enhanced sound.

SMARTER SECURITY

An updated suite of ThinkShield security solutions built into the ThinkPad T14 Gen 2 keeps your data and your device protected. In addition, the AMD security platform, including AMD Shadow Stack, is designed from the ground up with multilayered features to help address today's sophisticated attacks.

COVERING THE BASES

With a new stunning Storm Grey aluminum top cover option and an antimicrobial surface treatment option¹, the ThinkPad T14 Gen 2 delivers on aesthetics and health features, raising the bar on functional beauty.

performance

The ThinkPad T14 Gen 2 is elevating business computing with the latest AMD Ryzen™ 5000 series processors, up to 48GB DDR4 (3200MHz) memory, and up to 2TB of storage.

customization

Between processor, memory, storage, display, and cover options, the ThinkPad T14 Gen 2 offers nearly unlimited configurations, making it one of the most personal computers on the market.

security

Today's sophisticated attacks demand a modern approach to help protect what's important. Integrated ThinkShield features plus AMD security provides layers of defenses, from silicon up through OS and system-level security.
